

✘ **York Secret Helpers is a relatively new charitable initiative created by a York couple Jake & Nicole Freeman. There are many charities which offer support for the Homeless and those in need. However registered charities have overheads which means the value of donations doesn't all end up assisting the people it is intended for. York Secret Helpers has a different approach.**

With no staff or premises costs York Secret Helpers can guarantee that all donations received are redistributed to those in need. All donated food and clothing items are boxed into hampers and delivered to those who require them.

If you are in need of assistance in the York area or have items you would like to donate their contact details are below:-
